

## THE REPORT FOR 11<sup>th</sup> OCTOBER IPG SESSION

The Musical opener as requested by Jim – Pink Floyd Comfortably Numb Live  
<https://youtu.be/QRWZNAQrkf4>

### **BREAKOUT GROUPS**

Stuart gave us the feedback on Breakout Groups, all positive responses from the trial, we will have Breakout Sessions again.

### **SENIORNET SPECIAL GENERAL MEETING**

Hilary reported that due to a vote at this meeting, SeniorNet Nelson will “wind-up” next year. Interest Groups might be able to continue within the U3A framework. Negotiations are on-going.

### **U3A NELSON INFORMATION**

Wendy Cornish (President) and Steve Shaw (Study Group co-ordinator) gave us some information on how U3A groups work. That organisation will welcome any SeniorNet groups which would like to be part of their organisation.

Any queries to [president@u3anelson.org.nz](mailto:president@u3anelson.org.nz) [tonyandwendy@xtra.co](mailto:tonyandwendy@xtra.co)

### **WHAT3WORDS**

Due to all the break-out groups requesting more information on this, Stuart showed a video. The whole globe is divided into 3mx3m squares each with a unique three word title. The system has many uses - pinpointing the location of accidents, car breakdowns, meeting places for people.

The app can be downloaded for free by both Apple and Android users. YouTube links:-  
advert <https://youtu.be/tVOjB3gum8Y> <https://youtu.be/6qR9QVslZW4>

### **FORTHCOMING SCAMMERS SESSION**

1.30pm Wednesday, 26 October at SeniorNet hall.

No need to book, just pay \$5 online or at the door.

Remember with those pesky scam calls and irritating text messages “If it’s out of the Blue, Don’t Click Through”. The main speaker:- Kyle from Nelson Police

### **FIND MY**

One of the already installed Apps on our devices. Location Services must be “on” for this function to work. You can track your own devices, or switch to People to follow another person’s

position, provided you have their permission in their device. We showed one of Stuart’s friends currently in Macclesfield in UK set up just for the demo. Another popular use is for Air-Tags which can be used for objects like a suitcase, or even have one in your car to find your car if you happen to forget just where you left it, say in a supermarket car park.

### **LATEST UPDATE 16.0.3**

Now available for iPhones. Should be released for iPads soon.

### **DAVID & DAVID** YouTube video

IOS Settings you need to turn off now! <https://youtu.be/TQyW0nKKza4>

When watching this fascinating video use the pause function with each set of instructions or go to YouTube setting to adjust the speed. Interesting, informative, amusing!!!

### **RADIO GARDEN APP.**

Stuart demonstrated how this free app enables one to select a place in the world and tune into a radio station there provided it is on the internet. Also gives you a global view as to where a particular radio station is situated.

### **HELEN'S GEMS**

This time it was the Mark Up option in photos.

Select a photo, then Edit. The pen inside the circle at the top is the Mark Up function. It enables you to make shapes in various colours, write text and more. Press Done. Check it out. The more you use it the better it gets.

### **MAPS – FLYOVER**

Within the Maps App in some cities around the world, the flyover function is available. Take the tour, just hit Start Tour bottom left.

### **SCANNING FUNCTION**

Go to the Notes App, hit the triple dots top right, select Scan to capture better images of, say printed material or a picture. This was raised late in the session.

### **GASPY**

Jeannie demonstrated how this free app can be used to compare fuel prices in the vicinity of one's location. Again ensure you have Location services "on"

Just a personal note:- Should our IPG under the Seniornet umbrella organisation close and we get an opportunity to continue separately, the email info held by Seniornet Nelson cannot be used. So, if you are interested in these sessions continuing and attending and want info, then advise Stuart with your email address, therefore giving permission for your details to be held for info purposes for IPG only.
